Shanghai Maritime University

Interests

Games: Overwatch, rhythm & indie games
Cooking: RedNote food creator

Internship Experience

Beijing Gehua Design Co., Ltd.

Design Intern | Mar - Jun 2025 | Beijing

- Independently designed a **task-based visitor journey** for a proposed imperial-cuisine exhibition, linking physical exhibits with ingredient collection, cooking choices, and personalized feedback.
- **Iterated on existing interface designs** for task guidance, ingredient-card collection, and results screens.
- Translated **stakeholder requirements** into design revisions, balancing the visitor experience with **budget and production constraints**.
- Independently **proposed commercialization concepts**, including themed merchandise, food-brand collaborations, and restaurant partnerships.

COSCO Seafarer Management Co., Ltd.

Visual Design Intern | Nov - Dec 2024 | Shanghai

- Designed posters, staff badges, invitations and **interactive check-in stations** for the “Haiyuji” maritime culture market.
- Collaborated with a **9-member design team** to maintain visual consistency across event materials using shared assets.
- Reviewed **commercial-use permissions** and **cultural sensitivities** when selecting visual assets.

Selected Projects

Feed the Beat | Gesture-Controlled Rhythm Game

Independent Interaction Design | Oct 2026

- Built a **hand-tracking** rhythm game with **Claude**: **six gestures**, **seven levels**.
- After **playtesting**, added **camera-lag compensation** and a **guided tutorial**.

Serpentine | Rhythm Snake Game

Collaborative Game Design | Oct 2026

- Co-designed **gameplay** and **art**; built with **Claude**; refined via **player feedback**.

VTT to LRC Converter

Product Manager | Dec 2025 - Present

- Led **product design**, **branding**, and **launch promotion** for an Android subtitle converter; reached **1,000+ total downloads**.
- The Android and web versions support local file processing and batch conversion, with progress feedback and actionable error messages.

Inn-trovert | Inclusive Social Experience

Independent UX & Service Design Concept | Jun - Oct 2025

- Identified barriers to participation in bar-based social activities through **field observations** and a survey with **68 valid responses**.
- Created a **service blueprint**, **mobile user flows**, a **UI kit**, and physical task cards connecting digital and in-person activities.
- Tested **paper prototypes** with 3 participants to evaluate invitation timing, recommendations, and task-completion clarity.

Additional Experience

RedNote (Xiaohongshu) | Content Creator

- Created food and lifestyle content; a single post generated **750K views** and **35K likes**.
